

Provider Network

NEtwork BLUE

A Provider Network YOU CAN COUNT ON

NEtwork BLUE

With Blue Cross and Blue Shield of Nebraska (BCBSNE) coverage, you can have peace of mind knowing you have access to a large network of hospitals, doctors, and other health care providers. Our NEtwork BLUE network is made up of 96% of Nebraska's doctors and 99% of the state's non-governmental acute care hospitals.* That makes obtaining in-network care easy and convenient.

To locate providers:

Follow the instructions on page 3 of this brochure or call BCBSNE's Member Services department at 888-592-8961.

The Advantages of In-network Providers

In-network providers have agreed to accept our benefit payment for covered services as payment in full, except for any deductible, copays, coinsurance amounts and charges for noncovered services, which are your responsibility. This means that in-network providers, under the terms of their contract with us, can't bill you for amounts over our benefit allowance. Please be aware that out-of-network providers can bill patients for amounts in excess of the amount payable under the contract.

In-network providers also file claims for BCBSNE members, meaning you have less paperwork to worry about. And as an additional time-saving convenience, we send our benefit payment directly to in-network providers.

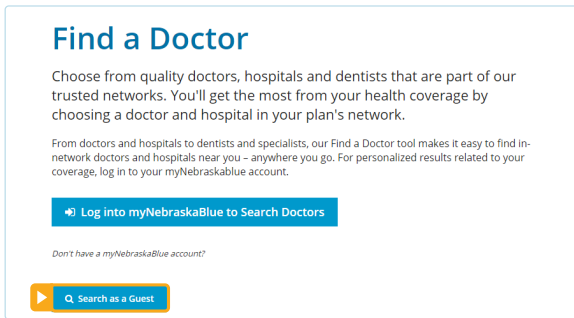

Note: The provider lists are subject to change without notice. To view the most recent complete list, visit [NebraskaBlue.com/Find-A-Doctor](https://www.nebraskablue.com/Find-A-Doctor) and follow the instructions on page 3 of this brochure.

Before receiving services, BCBSNE members should contact the provider and ask if the provider is in network with NEtwork BLUE. Members may also verify the provider's network status by calling BCBSNE's Member Services department at the number on the back of their BCBSNE member ID card.

How to Find In-network Providers

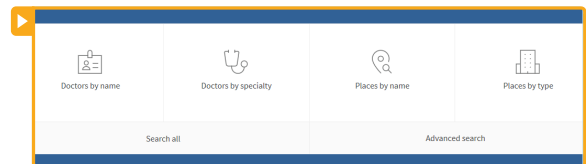

- 1 Go to NebraskaBlue.com/Find-A-Doctor and select **Search as a Guest**.

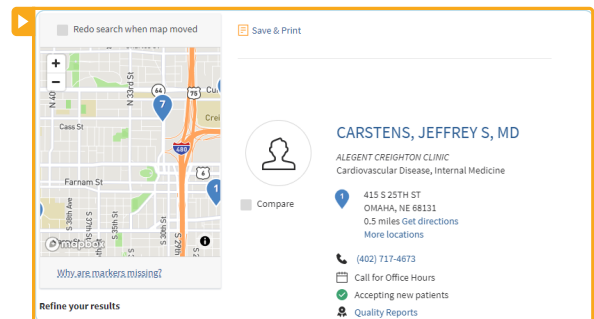

- 2 Enter your network name by selecting **All Networks > Find a different network > Browse a list of networks**. Then, select **Network BLUE** from the **Available networks** list and confirm your selection. **Network BLUE** will appear in the top right corner of your screen.

- 3 Select **Doctors by name, Doctors by specialty, Places by name** or **Places by type** and enter **what you're searching for**. (You may expand or fine-tune your search by selecting **Search all** or **Advanced search**.)

- 4 Your search results will look similar to the below.

Examples are for illustrative purposes only. Search results can be customized as needed.

Know Before You Go

After you become a BCBSNE member, you may also find in-network providers and cost information for various health care services by logging in to your online member resource center at myNebraskaBlue.com or by using the login button. Your network will display when you log in to your account.
